

Accident and illness management made easy

The UKA Connect software developed by HRM Systems allows companies to manage accident and illness administration efficiently.

Insurance cases for accident and illness

- Administration of accident and illness incidents
- Accident report entries made easy for employees or supervisors
- Convenient upload of medical certificates by employees and supervisors
- Electronic transmission of case declarations, medical certificates and documents to the insurer

Your benefits

- Process reliability and time savings
- Accurate and automated data transmission directly from the payroll system to the insurer
- Standardised integration instead of costly custom interfaces
- Involvement of employees and managers in the process
- Case declaration via Swissdec KLE

Security and performance

- Browser-based software-as-a-service solution
- Company certified according to ISO 9001, ISO/IEC 27001 and ISO/IEC 27701
- Operation of the software in a dedicated environment in Switzerland
- Data centres and backups are ISO 9001 and ISO/IEC 27001 certified and are fully operated in Switzerland
- Accesses are protected by firewall and SSL encryption
